<a href="#"><u>Public Consultation 2018-03-24</u></a>	Pages
Overview	1
Post It Comments and responses from display board questions	2
Transcriptions of the Post IT comments and responses	3-12
1) To demonstrate conformity with Cornwall Local Plan (Policy 3) our Neighbourhood Development Plan is required to plan for a minimum of 14 new homes between April 2017 -2030 within the Parish. Where (ie location/organic growth) and how (ie scale of its) do you consider the housing provision should be planned for.	3
2) What would you like to see from any potential developments in the Parish? Please give us your views on what you think is good and bad about exiting developments in the Parish and why.	4
3) Some Neighbourhood Plans have drawn boundaries around settlements, to show where new infill housing development will be permitted. What do you feel about such an approach? The previous Penwith Local Plan did not have settlement boundaries but provided definitions as to where housing should be located.	5
4) What sort of housing should we be planning for (ie low cost, self-build, sheltered housing)? Do you have any views and why?	6
5) Are there any specific green space that we should consider protecting because they have value for community - for example because of their beauty, history or cultural significance, recreational value, tranquillity or richness. Please give details below and explain why.	7
6) Do you consider that our plan should specifically plan for other uses including business, tourism, agriculture, marine etc?	8
7) Please can you list, and explain why what you feel is special and of value in the Parish. Why do you enjoy living here?	9
DO YOU GET GOOD BROADBAND?	10
DO YOU HAVE ANY THOUGHT ON INCREASING THE USE OF COMMUNITY BUILDINGS?	11
WE HAVE GOOD LANDSCAPE DESIGNATIONS IN ST HILARY. ARE THESE KNOWN ABOUT AS WELL AS THEY COULD BE?	12
